

NAZARENE PRESCHOOL

Preschool will begin this fall!

We are planning for Nazarene Preschool to be open this fall, and much like the rest of our world, it will probably be a little different as we position our classrooms, teaching and facility to be sure it is a safe environment for our children and their families. We are monitoring state mandates and guidelines and finding best practices as we prepare to begin another school year.

Exact opening dates may change based on local school calendars. We will keep our families in the loop and our website up to date as decisions are able to be made.

ABOUT OUR PROGRAM:

At Nazarene Preschool, our curriculum is focused on developing the whole child and providing opportunities for cognitive, emotional, social and spiritual development. We have created an environment that encourages independence and self-confidence along with respecting others and working together. Our school provides a creative and nurturing environment that encourages each child to develop a love of learning. Our goal is that children are provided with a positive learning experience that gives them the foundation to reach their full potential and become successful life-long learners.

Children in our program are well prepared for kindergarten through creative and meaningful activities in the areas of language arts, math, science, social studies, art, social and physical development. Children will be guided through experiences to help them develop problem-solving and independent thinking skills. We also provide a biblical foundation that is appropriate to a child's spiritual development.

We have VERY limited openings in the following classes:

3-year old | 2-day T/TH // 3-day MWF // 4-day T-F

4-year old | 5-day M-F

These openings won't last long.
